Note: Revisions to the cash dividends forecasts most recently announced: None

Cash dividend forecasts for the year ending December 31, 2019: The Company has not yet made a decision regarding its year-end dividends.

3. Consolidated earnings forecasts for 2019 (from January 1, 2019 to December 31, 2019)

Amid rapid international and domestic changes, there is a level of uncertainty within the mobile applications market for smartphones and other mobile devices, the main business of the Company and its subsidiaries (collectively, the "Group"). As the state of this market significantly impacts the Group's financial results, it is difficult to formulate a precise earnings forecast. Furthermore, as the Company's shares are listed on the New York Stock Exchange as well as the Tokyo Stock Exchange, we are also carefully considering risks relating to U.S. securities regulations. Accordingly, an announcement concerning earnings forecasts is not made at this time.

Notes

- (1) Changes in significant subsidiaries during the current period (changes in specified subsidiaries resulting in change in scope of consolidation): None
- (2) Changes in accounting policies and estimates
 - a. Changes in accounting policies due to revisions in accounting standards under IFRS: Yes
 - b. Changes in accounting policies due to other reasons: None
 - c. Changes in accounting estimates: Yes

From FY 2019, the Group has adopted IFRS 16 *Leases*, and has changed estimated useful lives on some of the property and equipment.

(3) Number of shares issued and outstanding (common stock)

a. Total number of common shares issued and outstanding at the end of the period (including treasury shares)

As of March 31, 2019 240,659,142 shares

(3) Notes to Interim Condensed Consolidated Financial Statements - Unaudited

Notes for segment information

The Group identifies operating segments based on the internal report regularly reviewed by the Group's Chief Operating Decision Maker to make decisions about resources to be allocated to segments and assess performance. An operating segment of the Group is a component for which discrete financial information is available. The Chief Operating Decision Maker has been identified as the Company's board of directors. No operating segments have been aggregated to form the reportable segments.

Under the corporate strategy to allocate the resources generated from the Core business to the Strategic business, the Company's board of directors individually assesses the business performance of Core business based on the growth of revenue and profitability and of Strategic business based on profitability as well as important non-financial KPIs such as the expansion of user base.

(1) Description of Reportable Segments

The Group's reportable segments are as follows:

Core business segment mainly consists of Advertising service, communication and

content. Advertising services mainly includes display advertising, accounts advertising, and other advertising. Display advertising provides advertisements on services such as LINE NEWS. Account advertising mainly includes LINE Official Accounts and Sponsored Stickers. Other advertising mainly includes advertisements on the services such as livedoor blog, NAVER Matome and advertisement appears on LINE Part-Time Job. Communication mainly includes LINE Stickers. Content mainly

includes LINE Games.

Strategic business segment Strategic business segment consists of Fintech services, such as LINE Pay service,

AI, LINE Friends, and E-commerce.

(2) Profit or Loss for the Group's operating segments

The Group's operating profit or loss for each segment is prepared by the same method as the preparation of consolidated financial statements, except certain items such as other operating income and share-based compensation expenses are included in corporate adjustment. Also, IT development expenses and indirect expenses such as department management fees are allocated based on the information such as the hours of service provided, the number of server infrastructures used to provide the service, or the percentage of revenues. As the Company's board of directors uses information after eliminating intercompany transactions for their performance assessment, there is no adjustments between segments.
